TOPEKA AT KANSAS CITY.

Marshall's Band and Topeka People in Attendance.

The crowd at Kansas City last night to see the Hindoo story of Prince Rama told in twenty chapters by twenty floats was certainly immense.

Kansas (ity may have seen larger crowds, but a good many of the oldest inhabitants here who have been atending these celebrations for years do not remember it. All day yesterday the railroads leading into the city from all directions were taxed to their fullest capacity carrying the people in. All night they were taxed to their fullest

capacity carrying people out.

The Topeka people were numerous there. At least ten train loads of people went into Kansas City from Topeka and

surrounding towns.

The main inducement for Topeka peoole to attend was the fact that Marshall's Military band, of which we are all so proud, had been chosen to lead the

The Union Pacific took in two long trains from the west yesterday afternoon, the Rock Island followed with two more and the Santa Fe had the same number. All this besides an immense throng that had thought to secure peace and seats by taking the morning trains.

The interest centered in particular about the Rock Island depot where the band's special car stood. Before the train left the band formed in marching position in the rear of the depot and had its picture taken. It wore its prefitest suits, the white with the plumed helmets. helmets.

On the train was a perfect crush. People stood up in all the aisles and on the, platforms. So far as seats were concerned there was no respect shown to anybody in consideration of their birth or aristocratic position in life. Sex was the only line, and even it was rather irregu-

Before the journey was over, people were glad to sit anywhere and the steps were crowded, the coal boxes were occupied, the seat arms were spoken for, and one young man from up the road who, in his light troussers and desperation, sat down on a freship blacked stove, was compelled to trade his short coat for a longer one in order to keep up the dignity for which his social class is

Assistant Passenger Agent George Bainter, and Chief Clerk Pier of the road, were among the unfortunates who paced the sisles and longed for more cars and more seats.

The crowd was wonderfully good humored, though.

The band's train did not reach the Kansas City Union depot till after 6 o'clock by reason of the delay occasioned by the inability of the terminal facilities o handle the numerous trains, which gave the passengers a good half hour in

which to admire the beautiful stock yards scenery. There was no one to meet the band and they are their suppers at the Union depot hotel, after which they were late at the

place the parade was destined to form.
It was after 9 o'clock before the parade fought its way through the army of peo-ple on Main street with Topeka's band in the lead. At all points along the line the approach of the Kansas band brought out a cheer. There were twenty bands in the procession and nineteen of them

A Grand Consolidation of Trains to Take Effect Next Sunday. There will be a change in the time of the trains on the Rock Island next Sun-

day over the entire line. There will be a consolidation of the Fort Worth and Denver trains at Kansas City and they will be run to McFarland as one train. They formerly reached Topeka at 12:40 p. m. and 1:25 p. m. respectively, but after Sunday the time for these pointswill be 12:55 p.m. The train for Chicago will leave at 4 o'clock p. m.
